

**DECLARATION OF AN EMERGENCY
SHELTER IN PLACE ORDER
CITY OF PALM SPRINGS**

March 17, 2020

WHEREAS, the virus that causes Coronavirus 2019 Disease ("COVID-19") is easily transmitted, especially in group settings, and it is essential that the spread of the virus be slowed to protect the ability of public and private health care providers to handle the influx of new patients and safeguard public health and safety; and

WHEREAS, pursuant to the City of Palm Springs Municipal Code section 2.20.050(a)(1), the City Manager, acting as the Director of Emergency Services, has, on March 14, 2020, declared the existence of a local emergency within the City of Palm Springs, due to the threat presented by the COVID-19 pandemic; and

WHEREAS, on March 15, 2020, the City Manager/Director of Emergency Services encouraged those who are 65 and older or vulnerable to COVID-19 to practice home isolation and ordered that all bars, night clubs and breweries within the City to be closed, based on guidance provided by the State of California; and

WHEREAS, on March 16, 2020, the City Manager/Director of Emergency Services ordered the closure of commercial gyms and cannabis lounge areas, and cancelled all in-person events consisting of 50 or more people, based on guidance provided by the State of California; and

WHEREAS, of the fifteen positive cases of COVID-19 in Riverside County, thirteen (or 87%) are in the Coachella Valley; and

WHEREAS, on March 16, 2020, the County of Riverside announced the death of two residents of the Coachella Valley resulting from COVID-19; and

WHEREAS, on March 17, 2020, the County of Riverside announced the death of a third resident of the Coachella Valley resulting from COVID-19; and

WHEREAS, because of the risk of the rapid spread of the virus, and the need to protect all members of the City and the Coachella Valley region, especially including our

members most vulnerable to the virus and also health care providers, this Order requires all individuals anywhere in the City of Palm Springs to shelter in place—that is, stay at home—except for certain essential activities and work to provide essential business and government services or perform essential public infrastructure construction, including housing; and

WHEREAS, under this Order, gatherings of individuals outside the home are generally prohibited, with certain exceptions for essential activities or essential travel or to perform work for essential businesses and government agencies or perform essential infrastructure work; and

WHEREAS, consistent with the directive issued by Governor Gavin Newsom on March 15, 2020, all bars and nightclubs are ordered closed. Restaurants and cafes—regardless of their seating capacity—that serve food are ordered closed, except solely for takeout and delivery service. Additionally, all gyms and recreation facilities are ordered closed. Homeless individuals are not subject to this shelter in place order, but are strongly urged to find shelter and the County is urged to take steps needed to provide shelter for those individuals; and

WHEREAS, under any of the limited circumstances in which individuals are allowed to interact in person outside their residence, the City Manager/Director of Emergency Services orders individuals to abide by the following requirements:

- (i) maintain at least six feet from other individuals, wash hands with soap and water for at least 20 seconds as frequently as possible or using hand sanitizer, cover coughs or sneezes, and not shake hands;
- (ii) for people 65 years of age or older or with medical conditions, regardless of age, that put them at higher risk of serious complications should they get COVID-19, and other than health care workers and other essential providers, avoid leaving their homes to the extent possible; and
- (iii) for employers in Palm Springs that do not provide essential businesses or government services, take all steps necessary for employees to work remotely from home to the extent possible. These requirements build on the California Department of Public Health and United States Centers for Disease Control and Prevention guidelines issued March 11, 2020, extended as necessary to address the health emergency affecting the Coachella Valley.

WHEREAS, the City Manager/Director of Emergency Services may revise this Order as the situation evolves, and facilities must stay updated by checking the City's website (<https://www.palmspringsca.gov/>) regularly; and

WHEREAS, this Order revokes and replaces the two Declaration of Emergency Orders, issued March 15, 2020 and March 16, 2020 by the City Manager/Director of Emergency Services. Those orders are no longer in effect as of the effective date and time of this Order.

NOW, THEREFORE, IT IS HEREBY DECLARED AND ORDERED, that:

1. The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while enabling essential services to continue, to slow the spread of COVID-19 to the maximum extent possible. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they should at all times reasonably possible comply with Social Distancing Requirements as defined in Section 10 below. All provisions of this Order should be interpreted to effectuate this intent.
2. All individuals currently living within the City of Palm Springs (the "City") are ordered to shelter at their place of residence. To the extent individuals are using shared or outdoor spaces, they must at all times as reasonably possible maintain social distancing of at least six feet from any other person when they are outside their residence. All persons may leave their residences only for Essential Activities, Essential Governmental Functions, Essential Travel, or to operate Essential Businesses, all as defined in Section 10. Individuals experiencing homelessness are exempt from this Section, but are strongly urged to obtain shelter, and the County and other entities are strongly urged to make such shelter available as soon as possible and to the maximum extent practicable (and to use COVID-19 risk mitigation practices in their operation).
3. All businesses with a facility in the City, except Essential Businesses as defined below in Section 10, are required to cease all activities at facilities located within the City, except Minimum Basic Operations, as defined in Section 10. Businesses may also continue operations consisting exclusively of employees or contractors performing activities at their own residences (i.e., working from home). All Essential Businesses are strongly encouraged to remain open. To the greatest extent feasible, Essential Businesses shall comply with Social Distancing Requirements as defined in Section 10 below, including by maintaining six-foot social distancing for both employees and members of the public, including, but not limited to, when any customers are standing in line.
4. All public and private gatherings of any number of people occurring outside a single household or living unit are prohibited, except for the limited purposes as expressly permitted in Section 10. Nothing in this Order prohibits the gathering of members of a household or living unit.
5. All travel, including, but not limited to, travel on scooter, motorcycle, automobile, or public transit, except Essential Travel and Essential Activities as defined below in Section 10, is prohibited. People may use public transit only for purposes of performing Essential Activities, Essential Travel, or to travel to and from work to operate Essential Businesses or maintain Essential Governmental Functions. People on public transit must comply with Social

Distancing Requirements as defined in Section 10 below, to the greatest extent feasible. This Order allows travel into or out of the City to perform Essential Activities, Essential Travel, operate Essential Businesses, and maintain Essential Governmental Functions.

6. This Order is issued based on evidence of increasing occurrence of COVID-19 within the City and throughout the Coachella Valley, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the City places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of the COVID-19 virus in the general public, which is now a pandemic according to the World Health Organization, there is a public health emergency throughout the City. Making the problem worse, some individuals who contract the COVID-19 virus have no symptoms or have mild symptoms, which means they may not be aware they carry the virus. Because even people without symptoms can transmit the disease, and because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus. The scientific evidence shows that at this stage of the emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. By reducing the spread of the COVID-19 virus, this Order helps preserve critical and limited healthcare capacity in the City.
7. This Order also is issued in light of the existence of thirteen cases of COVID-19 in the Coachella Valley, as well as three confirmed deaths in neighboring Coachella Valley resulting from COVID-19 as of 11:00 a.m. on Tuesday, March 17, 2020, including a significant and increasing number of suspected cases of community transmission and likely further significant increases in transmission. Widespread testing for COVID-19 is not yet available but is expected to increase in the coming days. This Order is necessary to slow the rate of spread and the City Manager/Director of Emergency Services will re-evaluate it as further data becomes available.
8. This Order is issued in accordance with, and incorporates by reference, the declaration of federal emergency on March 13, 2020, the March 4, 2020 Proclamation of a State of Emergency issued by Governor Gavin Newsom, the Order of the Riverside County Health Officer dated March 16, 2020, the Declaration of the Existence of a Local Emergency Declaring the Existence of a Local Emergency issued by the City Manager/Director of Emergency Services on March 14, 2020, and guidance issued by the California Department of Public Health and CDC, as each of them have been and may be supplemented.

9. This Order is also issued in accordance with, and incorporates by reference, the March 12, 2020 Executive Order (Executive Order N-25-20) issued by Governor Gavin Newsom. Executive Order N-25-20 expressly orders that “[a]ll residents are to heed any orders and guidance of state and local public health officials, including but not limited to the imposition of social distancing measures, to control the spread of COVID-19.” This Order is also based on statements by Governor Newsom during a press conference on March 15, 2020, indicating the guidance of the State of California that all nightclubs, bars, wineries, and brewpubs close and that persons 65 years old and older isolate at home. Nothing contained in this Order is intended to, or shall operate to, supersede any County, State or federal law, order or rule, including, without limitation, the Riverside County Health Officer’s March 16, 2020 order, which generally prohibits gatherings of ten (10) or more persons within a given area.

10. Definitions and Exemptions.
